Letter of Support

To whom it may concern:

ABB Switzerland Utility Automation Systems responsible for the Protection, Station Automation and Communications systems business, herewith certify that the company Power Technology Pyramids (PTP), Iran, is our value added partner for the related projects business. PTP's expertise cover the scope of engineering and local services for Protection, Station Automation, and Communications system projects of ABB Switzerland, in Iran, as a sub-supplier or as a partner.

ABB Switzerland Utility Automation Systems certify that the PTP organization have adequate knowledge on ABB's systems to carry out the above-mentioned tasks.

ABB Switzerland Utility Automation Systems will ensure that the PTP organization keep up with the developments made in our systems and are adequately trained in order to fulfill our quality requirements so that the support provided by them is fully compliant with our standards and according to our code of practice.

For each project in question we will issue a letter of authorization.

Best regards
